

## Lust And Desire

Fastkill

Ripping and crawling, it tears your apart  
Lust and desire, all that i need

A time to kill  
Sick lust fot skeletal flesh  
Death's pointing at your head  
No sense of crime in my mind

Malicious entity  
Possessed with cruel notion  
Putrefied will is mangling your flesh

Unconscious, kill after kill, no regret  
Impulsive massacre has begun  
I'm in pain, need to hate, and kill again  
You will suffer to die

Use the need, losing control, to my hate, to my scorn  
I'm the one to taste your death, stainte in blood

Desacrate and rape  
Thrashing through the crimson mud  
Immortal lust

I'll be dancing on your grave

Psychotic lust is fed  
Inherited endless dead time  
Becomes death's vile parade  
Trust in only the pain i sense

To hate, with hate, i hate you, go die !!
