

Girl

Fastway

Got love when you need it
Ooh, won't you look at me
Hot love if you want it
Come on, won't you let me see
Good time, got money
Ooh, won't you try it, oh...
Girl, won't you take me home
I've been around
You've been walking
All the guys have been talking
Talking like you won't believe
Girl, won't you take me
Girl, don't you need me
Girl, do you hear what I'm saying
Girl, won't you take me
Hot blood running through me
Ooh, running through my veins
Feels good to have you near me
Wow, you're driving me insane
Shake down, come and break it

Ooh, won't you try it, oh...
Girl, won't you take me home
Like you did before
I've been around
You've been walking
All the guys have been talking
Talking like you won't believe
Girl, won't you take me
Girl, don't you need me
Girl, do you hear what I'm saying
Girl, won't you take me
Girl, won't you take me
Girl, don't you need me
Girl, do you hear what I'm saying
Girl, won't you take me
Girl, won't you take me
Girl, don't you need me
Girl, do you hear what I'm saying
Girl, won't you take me
