

Spacelove

Fastway

I-I'm lost in space for you baby
Oh-oh-get ready
That's why oh honey you drive me crazy
Oh-oh tell me why
Now we're together runnin' in the blue sky
And I'm gonna touch you flashin' in the night
Now and forever keep your soul on fire
Interplanetary lover - you take me higher

Spacelove, make a move dance to my atomic groove
Spacelove, Spacelove, let me be your lover
Spacelove, take a chance, come with me to wonderland
Spacelove, Spacelove, I feel you Spacelove
Spacelove, make a move dance to my atomic groove
Spacelove, Spacelove, let me be your lover
Spacelove, take a chance, come with me to wonderland
Spacelove, Spacelove, I feel you Spacelove
I feel your Spacelove

I-I wanna ride with your baby
Oh-oh get ready
Let's fly, oh honey say that's amazing
Oh-oh so tell me why
