

Waiting For The Roar

Fastway

Caught in the middle
You can't get out
Your head is reeling
In the heat of the crowd
You can't wait, you just can't stop
You paid a price now your ready to rock
Pushing the limits
Backs to the wall
Tensions are rising
We're giving it all
Waiting for the Roar
Waiting for the Roar
Waiting for the Roar
Yes we're waiting waiting waiting
Turn on equipment
It's time for the show
We hit the stage, now
Fists up let's go
I got six strings
Their gonna burn
Your in our sights
Now there's nowhere to turn
Pushing the limits
Backs to the wall
Tensions are rising
We're giving it all

Waiting for the Roar
Waiting for the Roar
Waiting for the Roar
Yes we're waiting waiting waiting
Hard rocking, playing it loud
I'm talking, talking like you never heard
I'm waiting, waiting for the Roar
I'm waiting
I'm waiting, waiting for the Roar
Pushing the limits
Backs to the wall
Tensions are rising
We're giving it all
Waiting for the Roar
Waiting for the Roar
Waiting for the Roar
Yes we're waiting waiting waiting
Waiting for the Roar
Waiting for the Roar
Waiting for the Roar
Yes we're waiting waiting waiting
Waiting for the Roar
