

# Pump it Up

Fat Boys

Let's get funky, get on down  
Let's get funky, get on down

Now stop look and listen and check us out  
'Cause we're the Fat Boys and we're gonna shout  
At top of our lungs, until we reach our peak  
'Cause our jams are strong, never weak  
It's time to party, it's time to blink  
It's time to get down, it's time to shake  
It's time to show you why we rock so well  
Because the jams we make are guaranteed to sell  
Now there are many other crews that rock the shows  
Like Grandmaster Flash and Kurtis Blow  
Whodini and The Force MDs  
Grandmaster Melle Mel and Run D.M.C  
But it's time to show you that we also rock  
To feel the funky rhythms all around the block  
So just start to rockin' everybody guess what  
Homeboys and girls, we're gonna pump it up, ha!

Let's get funky, get on down  
Let's get funky, get on down

Now you walk into the party, the place is jumpin'  
Everyone is rockin', their bodies are pumpin'  
You feel a certain somethin', to move your butt  
From side to side, with the cut  
You feel the release of so much grief  
You don't have to sit around baby here's the beef  
'Cause I'm gonna get on the floor, do my thing  
And if I have to wobble then I'm gonna swing  
'Cause I'm gonna serve me a freak like this and that  
Serve her from the front, side and back  
I'm gonna catch me a beat and keep that pace  
Giggle and wiggle while I rock the place  
Punch up something, to keep us going  
Swaying to the side while the beat is flowing  
Forget the emotions that you're showing  
Hurry up, get funky while the beat is growing

Let's get funky, get on down  
Let's get funky, get on down

Now I'm pumpin' it live, and tickle your brain  
And when I finish rappin' you won't be the same  
'Cause the bass is soothing, keeps your ground moving  
And once you get started, you can't stop grooving  
A taste of the trebles, on the right level  
Funky fresh beat, a definite mellow  
Chief dominator, rap innovator  
Servin' MCs just like Darth Vader  
Kool Rock SKi to keep the party jumpin'  
If I deflate, I keep on pumpin'  
Pumpin' up the party with the rhymes I say  
Keep the girls on tip with no delay  
'Cause the beat is on, cause much attraction  
Never gets dull, always full of action

I get [?] while only in your dreams  
Kool Rock Ski, all of y'all gonna see

Let's get funky, get on down  
Let's get funky, get on down  
Let's get funky, get on down  
Let's get funky, get on down

Let's get funky, get on down  
Let's get funky, get on down  
Let's get funky, get on down  
Let's get funky, get on down  
Let's get funky, get on down
