

## Drip

Fat Nick

Drip, drip, drip, drip, drip, drip, drip  
Shawty fuck with me cause my VVS's drip  
Drip, drip, drip, drip, drip, drip, drip  
Break a bitch down, now gon' watch that hoe trip

Drip, drip, drip, drip, drip, drip, drip  
Shawty fuck with me cause my VVS's drip  
Drip, drip, drip, drip, drip, drip, drip  
Break a bitch down, now gon' watch that hoe trip

Cruisin' with fiddy, these shooters come with me

Clicked up, get sticked up  
MAC-11 been tucked  
Pistol with a dick  
Got my migo aimin' chest shot  
Drip inside his lung  
We gonna watch him cough his life up  
Hiccup, hiccup, these percs, I can't sit up  
Hitta, hitta, your block I'm gonna wet up  
Breathe in, breathe out, your lungs just gon' give out  
What'cha live by?  
What'cha die by?  
Codeine, Oxycontin keep my brain fried  
Poured an eighth of syrup  
Hope it'll keep my mind right  
Fucked the bih once, after that she hasn't been tight  
Internet thuggin', throwin' hands, but I got the pipe  
Drank a whole pint, yeah, my conscience keep me up at night  
I keep on winnin' in life  
Your clique be hungry like mice  
Take the whole clit like a dyke  
Buffet forever, you drownin' in spite  
Zoom, when I come through  
Big bands, that's who  
Stuntin' on these crumbs, pussy boy, bitch, fuck you  
I know I need it, I bleed it  
Drugs just suppressin' this feelin'  
All of this money keep reelin'  
I am the hottest, too fat, I keep breathin'

Drip, drip, drip, drip, drip, drip, drip  
Shawty fuck with me cause my VVS's drip  
Drip, drip, drip, drip, drip, drip, drip  
Break a bitch down, now gon' watch that hoe trip

Drip, drip, drip, drip, drip, drip, drip  
Shawty fuck with me cause my VVS's drip  
Drip, drip, drip, drip, drip, drip, drip  
Break a bitch down, now gon' watch that hoe trip
