

Hey, Whose Your Friend?

Fat Nick

Drift car go too fast when I'm inside
on the inside
Bad bitch, she too bad on the inside
when I'm inside
Drift car go too fast when I'm inside
on the inside
Bad bitch, she too bad on the inside
when I'm inside

World watching on me
I don't wanna change, why they wanna change me?
rain on me
And I go too fast in the SVT
History with me? I deny it
Bitch with me, she sing like Mariah
Kiss with me, just sit by the fire
Missin' me, I wish I was lyin'

World watching on me
I don't wanna change, why they wanna change me?
rain on me
And I go too fast in the SVT
World watching on me
I don't wanna change, why they wanna change me?
rain on me
And I go too fast in the SVT

Drift car go too fast when I'm inside
on the inside
Bad bitch, she too bad on the inside
when I'm inside
Drift car go too fast when I'm inside
on the inside

Bad bitch, she too bad on the inside
when I'm inside
I just need a change, nah, I don't wanna do that
I got too much problems of my own, I keep a big strap
My bitch, she left me, I think I miss her
You like my drugs? I already went through withdrawals
I don't like to play it safe, girl, I ain't sayin' sorry
Shorty got some red bottoms, same color my Rari
I don't play with broken hearts, girl, I play with a Glocky
If you ain't play your part then I'm grabbin' my car keys
Can you tell me what's wrong? Party started without me
Heard you wanna spice it up, girl, I know you a hottie
We was trappin' off some doctors and it came with a body
I don't like to play it safe, girl, I ain't sayin' sorry

Drift car go too fast when I'm inside
on the inside
Bad bitch, she too bad on the inside
when I'm inside
Drift car go too fast when I'm inside
on the inside
Bad bitch, she too bad on the inside
when I'm inside
