

Opp Block Spinners

Fat Nick

Ayy lil mexico pass the gas

Everyday I smoke another box of blunts
You smoking midgets so this choppa bout to hit your lungs
The blocks so booming, so I'm trapping out the Samsung
And now I speed bumps, so go and get your bands up
Everyday I smoke another box of blunts
You smoking midgets so this choppa bout to hit your lungs
The blocks so booming, so I'm trapping out the Samsung
And now I speed bumps, so go and get your bands up

Look, big guns, I look like I'm rambo
I got them keys bitch, this ain't no piano
Look, I just smacked a custie out the bando
Ay, I play with them bands bitch, but I don't got no banjo
You niggas broke go and get your guap up (What?)
Yeah I kick it in the field like its soccer
I ain't talking Harleys but I pull up with that choppa
Ayy, but that hoe so big, can't get help from a doctor

Everyday I smoke another box of blunts
You smoking midgets so this choppa bout to hit your lungs
The blocks so booming, so I'm trapping out the Samsung
And now I speed bumps, so go and get your bands up
Everyday I smoke another box of blunts
You smoking midgets so this choppa bout to hit your lungs
The blocks so booming, so I'm trapping out the Samsung
And now I speed bumps, so go and get your bands up

P-p-pussy talking smoke but can't handle gas
My name all in your mouth, like a dick so gag
Yeah my bullets acting bi they hitting everybody
But my choppa real gay, we sticking dicks Tommy
Yeah my neck real flooded, this some real ice
And I can't scrape these Balence's so I brought a pint
Run up on me, with some energy then lose your life
This a hollow and a dream, but have a good night
D-d-diamonds in my mouth, catch frostbite
Stacking up my money, but I'm scared of heights
Mud all in my cup, that's a dirty sprite
I can't trust none, I keep my circle tight

Everyday I smoke another box of blunts
You smoking midgets so this choppa bout to hit your lungs
The blocks so booming, so I'm trapping out the Samsung
And now I speed bumps, so go and get your bands up
Everyday I smoke another box of blunts
You smoking midgets so this choppa bout to hit your lungs
The blocks so booming, so I'm trapping out the Samsung
And now I speed bumps, so go and get your bands up
