Been about it, stay about it
Talking shit, nigga ain't no way around it
I'm coming to lay down the hit
[?], but the shit ain't no stick
AR with the beam on it
Bought a billi, niggas scheme on it
Had some hoes, put 'em on the strip
Hit the motel and then they want the grip
Shit, I been pimping since 8 years
Got in this rap shit and seen queers
No doubt, I don't need friends
Circle tight like a virgin bitch
Flew the pack in, sold the shit
Dubs, dimes, broke 'em down to nicks
Cause they know, I'm needing all that you got
Opposition, then the nigga got shot
Turn a pussy nigga dreads to a mop
Mask on cause you talking to cops
Me, I ain't giving no statements
I copped the OG and I blazed it
Israeli lawyer for the cases
This 40's giving out a facelift
Seen that I'm bred from a different breed
We see the prey then we gon' feed

Apex predator
Meet the hoe, fuck her, know that I'm dead enough
Touring 'round the world, shit getting boring
I'm counting this chicken, forgetting her
See that I'm top of the food chain
Twisting my fingers Damu Gang
Big body, swerve in two lanes
All these drugs give me mood swings

Bag done drop, Uzi pop, let a MAC-11 off
Free my mans, like El Chapo, dropout junkie balling out
Swerving out, I'm drugged up, TTG, get aired out
Chewing percs, we don't work, don't throw, we shoot and murk
Drop top, shot big 30 with a dick out
Driving on lean, leave my [?] fucked up
Burn a bitch, [?]
Deuce after deuce, everybody get a blood clot
We ain't need no handouts, plug go with the pipes out
Dusty hoe gon' suck and fuck, she just want my clout
Margiela stepping shit, shout out to my next bitch
100 bands, flexing bitch, crummy hoe, just neck and shit
5000, Rick Owens my fit, the strap, the flex, and the whip
Fendi and thug on my hip, noddin' off, noddin' off, been off the shits
Taking the Sprite and remix it, your [?] say he ain't with it
VVS diamonds with relish, your rent I just dropped on my necklace
Crummy boy, broke as a bitch, my diamonds be getting real big
