

I got big bands poppin' and they comin' out my denims
Pull my choppa out the closet and he sing like John Lennon
You still flexin' in a Honda, see the Hellcat engine revvin'
Bought my boy a Jesus piece, God forgive him, he a felon
I got big bands poppin' and they comin' out my denims
Pull my choppa out the closet and he sing like John Lennon
You still flexin' in a Honda, see the Hellcat engine revvin'
Bought my boy a Jesus piece, God forgive him, he a felon

Draco kickback, I sell the best crack
Gave that bitch a Perc', I done broke her back
Bullets hit your body, wipe the block, tsunami
And the choppa not a racist, shootin' everybody
Use to pop Percs, now I'm poppin' Glockes
I still fuck the streets, got the block hot
Mid-packs, five for six, I got it off
How I keep on sippin' lean but I still got a cough?
Fifty in my mouth, that's a big check
Tesla park itself, that's a slight flex
My people crackin' cards, you need an Amex
My shooters on the field, no Apex

I got big bands poppin' and they comin' out my denims
Pull my choppa out the closet and he sing like John Lennon
You still flexin' in a Honda, see the Hellcat engine revvin'
Bought my boy a Jesus piece, God forgive him, he a felon
I got big bands poppin' and they comin' out my denims
Pull my choppa out the closet and he sing like John Lennon
You still flexin' in a Honda, see the Hellcat engine revvin'
Bought my boy a Jesus piece, God forgive him, he a felon
