

## Remember Us?

Fat Nick

I'm too rich for that  
Spent it, too much cash  
Blew it, blew it back  
Poppin' 2, 2, 2 more xans  
Syrup overfull  
My chain is too, too cool  
Too, too high she drool  
Bitch I'm too too hot for you

I'm too rich for that  
Spent it, too much cash  
Blew it, blew it back  
Poppin' 2, 2, 2 more xans  
Syrup overfull  
My chain is too, too cool  
Too, too high she drool  
Bitch I'm too too hot for you

Skrرت, skrrrt blowing wind  
The 30 made them bodies drop  
I got money, I got drugs and I got lots of thots  
Designer stepping, when I walk I got the Glock hot  
Codeine overflow, my kidneys gone, my liver shot  
All of my diamonds they flooded on me

If you want it, you get it, the uzi by me  
And my bankrolls are heavy they covering me  
Prada step, flex  
Lexus on my neck  
Your checks on percs, I spent  
She suck me, fuck me then I left

I'm too rich for that  
Spent it, too much cash  
Blew it, blew it back  
Poppin' 2, 2, 2 more xans  
Syrup overfull  
My chain is too, too cool  
Too, too high she drool  
Bitch I'm too too hot for you

Kick me to the curb, I don't need no one but myself  
I got a Glock in my backpack and I will kindly take your health  
And that's word to Shakewell  
And it occurs to me that I'm undefeated  
Took a xanax and I missed a panic  
'Cause I couldn't manage, started stumbling  
Don't shake my hand when you come up to me

I'm not really the talkative type  
Baby stop trippin', start doing that thing with your tongue  
That you know that I like  
These backwards rappers, going forward with my style  
There's inspiration, then there's plagiarism my little child

I'm too rich for that  
Spent it, too much cash  
Blew it, blew it back  
Poppin' 2, 2, 2 more xans  
Syrup overfull  
My chain is too, too cool  
Too, too high she drool  
Bitch I'm too too hot for you
