

# When The Lean Runs Out

Fat Nick

I think I'm losing my mind  
Codeine keep slowing my time  
Droppin' my love in the Sprite  
Breaking your heart I just do out of spite  
Drowning in drink, can you hear me?  
Xanny bar kick, can you hear me?  
Smoking my pain, you can't feel me  
All of these norcos, I'm numb to the feeling

I think I'm losing my mind  
Codeine keep slowing my time  
Droppin' my love in the Sprite  
Breaking your heart I just do out of spite  
Drowning in drink, can you hear me?  
Xanny bar kick, can you hear me?  
Smoking my pain, you can't feel me  
All of these norcos, I'm numb to the feeling

Pour it up, smash it up, pop it down  
Diamonds they stop me from goin' up  
She see me gloin', she bustin' now  
Bitch took my heart and she broke it down  
VVS did you better get a disco  
Be fie when the angel get low  
She wanna suck it for it, shawty gon' bust low  
Big dick go air it out the window  
She wanna fuck on me I  
I'm balling pockets [?]  
Sippin' tech no [?]  
Crumby bitch think she a diva  
Red beam on a ruger and chew it up  
Suck me, can't kiss you, so rude, yeah  
Skrrtin' the Porsche and maneuver  
She say she my wifey  
These bitches jus' rumors  
The pistol keep lookin' at me  
The codeine stay flowin' in me  
My shadow keep lookin' for me  
Chokin' on sorrows  
These percs keep me hollow  
Stuntin', I'm feelin' on top  
Withdrawals keep my body in shock  
The devil took place in my past  
I keep on lookin' for nothin' at all

I think I'm losing my mind  
Codeine keep slowing my time  
Droppin' my love in the Sprite  
Breaking your heart I just do out of spite  
Drowning in drink, can you hear me?  
Xanny bar kick, can you hear me?  
Smoking my pain, you can't feel me  
All of these norcos, I'm numb to the feeling

I think I'm losing my mind  
Codeine keep slowing my time  
Droppin' my love in the Sprite

Breaking your heart I just do out of spite  
Drowning in drink, can you hear me?  
Xanny bar kick, can you hear me?  
Smoking my pain, you can't feel me  
All of these norcos, I'm numb to the feeling
