

Am I a Playa

Fat Pat

Am I a playa?
Am I a playa?
Playing these hoes like they was Sega (yeah)
Am I a playa?
Am I a playa?
Playing these hoes
Am I a playa?

Playing these hoes like they was Sega
Running me down like I had pledged with Omega
I'll take her, take her to the bedroom and break her
Off something proper cause they call me "Big Poppa"
When I knock her from the coach to the bed
Shooting nut all in her hair
Your game is dead so stop frontin' (Yeahh)
Frontin' like you bitch of the month
You ain't nothing and take that how you wanna (uh-huh)
And call it how you see it
Only when I call are you needed
You show me good thangs, good thangs, good thangs

Am I a playa (Good thang, I heard about you)
Am I a playa?
Am I a playa?, Am I a playa?
Playing these hoes like they was Sega
Am I a playa? (yeah)
Am I a playa? Playing these hoes

Big boss, big ballin' playa
Super ho layer, mack line sayer
Yellow and long hair screaming hi sugar daddy
If u come home with me you can have me
Am I a playa that is the question
Peep game, learn thangs, as I floss on hoes
I stand in pimp lines, be the first to be chose
Break they toes walking for this pimp like a pimp mind gone
Whatever P-A-T say is do or die no lie
My my my game never shy mister mister mister (uh)

Am I a playa
Am I a playa?, am I a playa? (uh)
Am I a playa?

By now you should know the deal
Bonafide playa keep it on the real
Game switching gears like a 57' Chevy
If you ain't a real playa then you ain't ready
It's all copa steady game like unleaded
Flowing by the mile reppin' to your broad like a freestyle
G style is what I display when I parley
The pimp sugar daddy is all in your face
Taking hoes, slamming doors, crawlin fo's, sace' clothes
My wardrobe is so throwed
Cross mode is what I'm in
Spit my game now we all in the winds
Riding off cozy, in the Benz
9 8 headlights, blue lens

Croc skin interior, I'm sitting low
On twenty-inch Lor-enzo
With my AMG kit, I'm the shit
My screens lit, 'bout to fuck your bitch

Am I a playa?
Am I a playa?
Am I a playa?
Playing these hoes like they was Sega
Am I a playa? (Yeah)
Am I a playa? Playing these hoes
