

If You Only Knew

Fat Pat

If you only knew (if you only knew) how I wanna be down with you how I want to be down with you

You can be my baby baby if you keep it real
One love for a thug let me tell you how I feel
So real when I hold your body close to mine
Every time I'm with you man I swear it's goin down
Smelling sweet like roses and I suppose that you are the one that I have chosen
Not proposin but I wanna get in ya take ya away like Do you remember the first time we made love heart pumpin so fast as we push and we shove
I can see it ya eyes ya had feelings for me baby but the situation's crazy because I got a lady Don't get me wrong because I love to get with you
Hit me on the down low on the page come get'cha I be there in a sec
Go get a room and let's wreck.
Lay back and hit it again
One mo time and let's jet
Don't let nobody knock this thing that we got
Like the broads in the beauty shop talkin a lot they want what you got
It ain't no doubt about that
As they winkin they eyes at this player Fat Pat
I told you that you can't speak ya hand cause that cappin and the braggin make em want yo man
I do what I can and when I gots the time if you love me like you say baby you will stay down
Can you feel me?

Ooooooh, if you only knew
If you only knew how I wanna be down with you
how I want to be down
If you only knew,
If you only knew how I wanna be down with you
How I wanna be down

We'll be places we meet you never been before addin spice to ya life feeling
s can't ignore
Mind soar through the clouds sometime it's hard to see who I love the most,
my gal or my late night creep
Confused at times but I gotta go home talkin to you on my celly til I turn on my corner
I can't get enough of this player life I wish it was some kind of way I make
you both my wife sleep with the both at night without a fuss or fight
Ménage trios all the way til the middle of the night it feel so right to have
you both on my side I couldn't imagin my life without my broad and my wife
It's goin down

Ooooooh, if you only knew
If you only knew how I wanna be down with you
how I want to be down
If you only knew,
If you only knew how I wanna be down with you
How I wanna be down

If feel the pain you feel when you call me and cry
I'm just a playa though ain't no way that I can deny no matter how hard I try
to keep it real baby girl it's just the dog in me that keep the spark up in
ya world.

Ya homegirls tell you to leave me but they just don't understand how serious
the love between you and ya man
That's why I'm down with you, no matter what you do because you always stay
true and you call me boo
The whip appeal's on you, now what we gone do?
In this longterm thing no more bumpin and grinding
You screamin my name I ain't the one to blame
You couldn't keep yo cool before you lose control know what'cha wanna do cau
se ain't no turning back when the door is closed.
Meet a new broad same thing happen once more I'm just a playa and that's all
it is big pimpin showin skills just keepin it real.

[Chorus: repeat to end]
