Just when you think that pussy different them the same flowers...

You niggas need port of miami in your life

These bitches think I like to think about them  
When I was only talking money showers  
I seen my cousin count a hundred dollars  
Just when you think that pussy different them the same flowers  
Thought the thunder and the rain I remain power  
Instead them killas thinking about them from the same towers  
It's funny how they cowards with no allowance  
I finesse the slave house I call it coke flowers  
Now tell me tell me who you thought it was  
Because every nigga with me do the same drugs  
Same bitches but we never have the same love  
Same riches but them niggas ain't the same thugs

Fuck you niggas talking about  
Ambulance coroner's talk them out  
Another nigga dead on the news spread  
Couple days later whole crew dead  
Against all odds nigga and the game  
Ain't based on sympathy at all  
Against all odds nigga cause we were born to die  
Against all odds nigga and the game  
Ain't based on sympathy at all  
Against all odds nigga cause we were born to die

So look, my haters think I like to talk about them

I'm still wilding responsible for those thots pocket  
Can't tell me different bitch I know all about it  
Niggas trickin spending chicken sniff the flowers

They really bought it I don't care  
Because everybody gotta die there no way around it  
I'm finally rich I'm finally rolling I finally found it  
I highly doubt that you ever out and she knew without her  
I switched from kitchen to positions of power  
New York in the trenches where there shipments are sour  
My shit like nutrition two shits in an hour bang

Fuck you niggas talking about  
Ambulance coroner's talk them out  
Another nigga dead on the news spread  
Couple days later whole crew dead  
Against all odds nigga and the game  
Ain't based on sympathy at all  
Against all odds nigga cause we were born to die  
Against all odds nigga and the game

Ain't based on sympathy at all  
Against all odds nigga cause we were born to die
