

Got Da Streets

Fat Trel

We got the heaters
(JLaw on the track)
We got the streets
But you knew that
I got it
Yeah, yeah

I got the streets, nigga, we got the streets
Hand choppers, nigga, we got the heats
I know the plug, I can get you a piece
And I know this bitch know she can't know where I sleep
We do it proper, she do it for dollars, you shoulda just got it from
me
I cannot wait for tomorrow, my bitch got a lot on her plate, and she
got it for cheap
I know a whole lot of drug dealers, I know a lot of robbers
I know a whole lot of strippers trickin', sellin' pussy for a dollar
I knew the competition wasn't really with it, they can come and get i
t
My lil niggas on the front with it, we could walk up with a pump with
'em
We could walk up with a pump

Hand choppers, nigga, we got the Drac's
Finger fuck her 'til my shit starts to ache
I'm pissed off, I can't even pour up an eight
Stress is building, how much more I can take
Free Trel, they got my nigga over the jail
I know [?] got him sick, I can tell
He facetime me with a smile and a file
Tryna find me a new plug I can buy off
My tools be shootin' shit up, just like a try out
And have you takin' shots like Cinco de Mayo
Where the opps, it takes seconds to find out
Sometimes its difficult 'cause they like to hide out
Send some money to the man, as soon as I got out
Let these niggas know I'm a real one
Caught him for a perc, I can hear it
Allah is the only one that I'm fearin'

I got the streets, nigga, we got the streets
Hand choppers, nigga, we got the heats
I know the plug, I can get you a piece
And I know this bitch know she can't know where I sleep
