

# Simple Human

Fates Warning

Stand right there man  
I can see right through you  
Make me understand  
the mind within your head

Yeah, I am a simple human like you  
Yeah, I am a simple human too

Speak what's on your mind  
A simple thought, a reason  
Some self righteous blind  
deconstructive thinking  
I want to rip it away  
I want to tear the walls down  
Don't be afraid  
You can't feel anything

Yeah, I am a simple human like you  
Yeah, I am a simple human too

We're all caught  
It's like a giant tangled web  
We're all trapped going nowhere  
Now you know, now you know

Yeah, I am a simple human like you  
Yeah, I am a simple human too  
Yeah, I am a simple human like you  
Yeah, I am a stupid human too
