## The Road Goes On Forever

## **Fates Warning**

Its so cold in the shadow of distant lights
And the chilling wind slows our pace and tests our will
Still a voice whispers it will be over soon
And there we find the courage to climb the hill

Sometimes I lose sight of where I'm going Fanned by a flame I can't remember But distant lights still burn bright And the road goes on forever

Year after year with renewed ambition We scale the walls to find there's nothing there Still idle hands clutch the empty page With the passion of a desperate prayer

Sometimes I lose sight of where I'm going Fanned by a flame I can't remember But distant lights still burn bright And the road goes on forever

And here we are again
The doors close behind us
And the road goes on and on and on and on

Sometimes I lose sight of where I'm going Fanned by a flame I can't remember But distant lights still burn bright And the road goes on forever Forever
