

# Valley Of The Dolls

Fates Warning

Bedroom mirrors do tell who's the fairest of  
them all  
Lime light silhouette transparent walls  
Dancing shadows cascade paper walls  
Wailing ghost guitars send in the clowns  
Send in the clowns

Painted plastic faces stealing mummies make up  
Masque the false gods with mannequin smiles  
Prima donnas play upon their pedestals of fame  
Unborn girls the false facade illegitimate child  
I won't play your game  
Illegitimate child searching for a name

Blasphemous black Bible bias you betray bigotry  
Slay the hydra pretty fair maidens spread their leprosy  
Hungry children feed from hype of  
perpetual ego's  
I slay the hydra, burn the talisman, holocaust  
Run with the pack illegitimate child the  
unborn wench at war. Tears in his eyes  
she became a bride wedlock to a whore.  
Shatter the dream the tangerine dream bow  
to kings not the queens. Go back where you reign  
to your domain the Valley of the Dolls!

Bow to kings of yesterday they have given  
you wings to fly away, what have the  
phantom queens but deceived you  
Armies of shadows climbing silvery mountains  
lining molten and ask kiss my  
Camouflage the battle scars with Oxy Ten and  
Maybelline  
Cloning the heros in hype magazine  
Pirates of underground lightening  
the speed of sound. You will prevail.

And bedroom mirrors do tell who's the fairest of  
them all
