

Come Outside, We Not Gone Jump You

Father

(Dexter)

Yeah

Come outside, it's cool, we not gon' jump you
Make sure niggas get paid and checks get thumbbed through, yeah
Wanna get down with the gang, hoops you gon' jump through
All these hoes gettin' slain, they gettin' run through, yeah
Nigga got a problem, on God, I'm gon' confront you (Gon' confront you)
Try to get over on me, we gon' come hunt you down (Gon' come hunt you)
Used to crush on you, but bitch, I don't want you now (I don't want you)
Had to get by myself 'cause niggas move too loud (They move too loud)

Yeah, niggas move too loud (Loud)
Niggas move too proud (Proud)
They gon' fall for my smile
Hit the dope and I go wild, yeah (Wild)
Boy, I swear to God we not gon' stomp you out
But don't run up on me if we ain't cool
My niggas always on the prowl
I pull up, get the city riled (Get the city riled)
I got Gaga in the vile (Gaga in the vile)
She go gaga when I land
'Cause she know she gettin' defiled (Know she gettin' defiled)
Drop some semen on her yams
Then I go get her a towel (Go get her a towel)
To get down with the clan
They gon' go the fuckin' mile (Go the fuckin' mile), yeah

She gon' put it in her mouth
She gon' get down on the ground
Tell everybody in town
Drag my name through the mud
Tell 'em all I did her foul
Everybody know by now
What the fuck I'm all about

Come outside, it's cool, we not gon' jump you (Boy, I swear to God)
Make sure niggas get paid and checks get thumbbed through, yeah
Wanna get down with the gang, hoops you gon' jump through (You gon' jump through hoops)
All these hoes gettin' slain, they gettin' run through, yeah
Nigga got a problem, on God, I'm gon' confront you (Gon' confront you)
