

## Comin Back

Father

This ain't magic, go on girl shake that ass  
Shawty like this shit and it's the first time heard  
Tell the DJ run that back, see her droppin' low  
Like do that shit, uh girl do that shit  
Like ooh that's him Pyramid from the crew that's thick  
Quince just too damn sick, from the mob and shit  
Out the Awful clique, young and i'm off the shit  
From down the block, you can smell the strong  
So dont ask what I'm on, and I'm like:  
Please, I don't do drugs, trees is what I'm on  
And I've been gone, and I ain't comin' back  
It's a forcefield for my zone

I've been gone, I ain't comin' back [x8]

I handle my business, now blunts gettin' rolled  
If I don't pass, don't baby sit with you and put down low  
Can help mum what kind of deal, never mind it's not for sale  
I can't see what's on the money, I'm too drunk and high to tell  
Fool we sliding out the bario, we swerving by the Shell  
Now start me swervin' to the party, local service, purpose bill  
Off the liquor like Quince, yeah we off the shits  
So nigga throw on some Awful shit  
But let a nigga bust, I let a cop cross you up  
A nigga sober up awful quick, nigga awful quick

Flexin with a chick a nigga been had  
I keep it G with all the C's just call a nigga Sinbad  
Girls get on their knees trying to receive my blessings  
That's sad, hoes are just for fun, my love is one  
And that's that bitch Cash  
Care less what a hoe could think  
That nice guy shit has been passed  
Come with me askin' to buy a drink  
I'll slap you til you sip that  
I'm colder than polars be, I fold your bitch like gym mats  
Pass her to the homies, while you lonely with no text back  
And doesn't that sound like some really awful shit?  
Got another nigga's woman hittin' high notes on the dick  
When she stumble in the crib at six you askin' where she's been

"I was out with my friend"

You tell she's lyin', bitch she said she's with a friend  
You gonna be ten minutes, your bitch is gone we been smashed

She's been gone, she ain't comin' back  
She's been gone, she ain't comin' back
