(Forgive me, Father)

Shorty damn, shorty damn, shorty damn
When you gon come round without your man?

Nigga damn, nigga damn, nigga damn

When you comin thru?
When you comin thru?
When you comin thru?

When you comin thru?
I need somethin to do
And you know I got a blunt and some 100 proof
Don't get it misconstrued, I got a number 2
Fall, Winter, Spring time and a Summer boo
But come in thru the back my neighbors watch like Hulu, dem
Saw me pull up with a Mulan and a new Lil Kim
On her knees, on her knees, on her knees
Got Mulan dem in a 3 ain't no tellin I'm a do to them

Smith & Wesson, 24 hour protection
Deodorant, quit bitch niggas flexin
I'm in a jam, they holla finish him
Oh
I'm thru the cut boy, I'm Johnny Cage
Eyes too asian with a Lucy Liu thang
I'm multi-taskin rippin plastic off the Magnum
We was fuckin in the Civic, pussy feelin like a Phantom

We dem guys, we dem guys, we dem guys
Whispering sweet nothings in her ears slick tellin lies
Ignorance is bliss though, and right now she's feelin fine
Hands between her thighs til we have to sever ties
Got damn I'm throwed, got damn she throwed, got damn he so throwed
Couldn't find the baguettes there's nothin wrong with the flow
No time to cuddle sweetie, I got to go
She blockin her throat, hey bitch, no means no
Okay?
