

Gums

Father

Niggas always talking that ride, ride, ride
Bumpin' gums, but in fact they don't want it with the squad
These bitches stay popping that ooh-na-na
Boy the crews too fire do what we choose to now

Niggas leaking cause their pockets bleeding
Call the paramedic bitch we ain't them proper people
Aw man on a bitch rock like Van Damme
Stuntman Mike in the black trans-am
Killin' hoes, I know it look painful
But I'm Kobe pull up to the Lake show
You talk practice, I won't pass this
And if you pass on this you ungrateful
Ho just wait
Got your clothes on great
Know I keep a bitch don't belong in the states
Don't keep a bitch much long than a day
Cause a nigga keep count what more can I say
Fuck more can I make
All these hoes for the take
I'm in the pussy before a nigga say grace
Don't shake hands with a spoon cause he fake
How a nigga rock 'gators in a room full of snakes
Fuck with me bitch
