

I Keep Dat Pump Action

Father

You wanna see your little girl grow up?
I gave you Tariq, I gave you Tommy's warehouse
You want me to drop a body on him too?
Nah, I got Egan covered
I need you to answer one question for me
The answer is yes then I get you out of here pending trial
And James St. Patrick goes to jail
No campaign, no politics, no power

You should find you someone special
Fuckin' these hoes'll take a toll
Don't put that pussy in my face
They'll snatch your soul right through your hole
I hate a girl too into fashion
Why you wearin' so many clothes?
Why you wearin' any clothes?
Tryna see it open close
I'm tryna see it up close
I don't wanna meet your folks
Just make my meat your focus
And spread them knees like lotus
I'm in the breeze, lil' ho
No time to tease, lil' ho
Let's hit them skis, get blowed
Hit streets then squeeze them folks

I keep that pump action 'cause ya never know who out here tryna take
I seen real magic, I seen my dog turn into a snake
"Avada Kedavra," my favorite wand? A black .38
I want it, I have it, don't get it twisted, make no mistake (Yes)

All these niggas wanna do is talk, talk, talk
Nigga hit that fed room, then talk, talk, talk (Nigga)
Hit that bitch bedroom, pillow talk, talk, talk
Do this shit by yourself 'cause they gon' talk if they get caught
Duh

Niggas on dick, booty talk too (Booty talk too)
Pull up with that stick, ain't no cop that I would talk to (No)
Niggas got that soft, got that rock too (Got that rock too)
Got niggas chasin' dragons just like Jack be chasin' Aku
In the top two, and I'm not two, nigga
Scientific weapons turn your crew into some green glue
That's some clean, dude
Pass her to my young nigga, he do it 'cause the team do it
I'm in Douglasville sellin' pills to these hillbillies
Shoutout Tisa, nigga, never chill, we get real silly
Cruisin' through New Jersey, 'bout to blow up Philly dude
In your background with an F&N and fuckin' ghillie suit (Yes)

I keep that pump action 'cause ya never know who out here tryna take
I seen real magic, I seen my dog turn into a snake
"Avada Kedavra," my favorite wand? A black .38
I want it, I have it, don't get it twisted, make no mistake (Yes)

All these niggas wanna do is talk, talk, talk
Nigga hit the fed room, then talk, talk, talk (Nigga)

Hit that bitch bedroom, pillow talk, talk, talk
Do this shit by yourself 'cause they gon' talk if they get caught
