

KiLO

Father

She puts the candy on her tongue and she makes it disappear
She's got a kilo on her wrist and a mansion in her ear
There's a tattoo on her thigh, I can see it through the sheer
And I heard it from her peers, she only want me for my gear
She only want me for my gear, only want me for my drugs
Oo, boo know how to do voodoo, split her legs, I split a dutch
Lil' shorty standin' there with the cris in her cup
I'll admit I got a crush and I slick wanna touch, but keep it hush

Shop with me, come cop from me with a breeze, gen guap on knees
Boy I go, don't stop on E, Rosetta, don't teach guapanese
Boy, stop, you op police, call me Mephistopholes
Ho have sex on top a me, make it drop, no Glock on me
Lurk on me, come flirt with me, shake that ass, come twerk on me
e shorty sweet, she Burt's on bees, but wanna put a hurt on me
Beneath the earth so deep in twerk, that there is so much dirt
on me Adam, Eve, Gwen Stefani, In the garden, scrollin leaves
Come shop with me
