

## Pay N Spray

Father

Aye I mean you no harm  
Bitch don't touch that alarm  
Put your wallets and your phone in this bag  
And lift your arms  
Cause I got needs  
And theres going to be hell to pay if you don't get on your knees  
They say freeze I ain't gon' freeze  
Life a battle I'm gon' bleed  
Niggas cattle I'm gon' feed  
I need blues, I need greens  
I'm trying to be on Fox News  
Niggas glued to they screens  
One nigga, one gat  
I'm 'bout to close the wealth gap  
House gone look like Atlanta Zoo  
Hawks, demons and Hellcats  
Good things come to those who take  
Cause I ain't got time to wait  
Walk in with the AK  
Stick it in his face  
Real niggas take it to the grave  
We don't talk to jakes  
Nigga take the getaway whip  
To the Pay 'N' Spray  
Good things come to those who take  
Cause I ain't got time to wait  
Walk in with the AK  
Stick it in his face  
Real niggas take it to the grave  
We don't talk to jakes  
Nigga take the getaway whip  
To the Pay 'N' Spray

Shut the fuck  
Shut up  
Did I say  
Nigga  
I'll, oh shit  
Say it again  
Say something else  
Oh  
Say something else  
Say something else nigga

Got a legion of Pharrells  
All them niggas say is yessir  
Sow you up in a dead heifer  
Leave you in the desert  
Hoes call me Father Hefner  
Dick taste like dessert  
Pimp C came back as me  
Get the most not the lesser  
I'm in this bitch with some steppers  
And we checking ledgers  
Whoever owe me lucci  
Going in the Chattahoochee headfirst  
Yeah, her forehead on the Gucci

And her coochie next up  
Every Father album got an anthem  
Sound like The Best of

Good things come to those who take  
Cause I ain't got time to wait  
Walk in with the AK  
Stick it in his face  
Real niggas take it to the grave  
We don't talk to jakes  
Nigga take the getaway whip  
To the Pay 'N' Spray  
Good things come to those who take  
Cause I ain't got time to wait  
Walk in with the AK  
Stick it in his face  
Real niggas take it to the grave  
We don't talk to jakes  
Nigga take the getaway whip  
To the Pay 'N' Spray

That nigga had me scared  
But I held my own  
Fuck that
