

Slow Dance 2

Father

Yeah, gold teeth
40 OE and a bitch to come hold me
Bands on me, hand on knees, strip tease, strip tease
I ain't throwing ones or fives, I'm throwing twenties
Tainted love, that clit to anus love
f*cked off the dankest drugs, fell in love with the plug
Pink nippis, kink shit, nigga swing swips
Cunnilingus count cunt, cuntalingus
Until the brink just to see how close it brings us
Cheeks flush, lovely how the love sick seek less
Romance, slow dance, no pants on the wall
Glo' stance, while she do it with no hands
I can't teach you how to slow dance
But I can help you out of those pants

Lemme see you dance how them hoes dance
Tell your friends that it's been a change of plans

I can't teach you how to slow dance
I can't teach you how to slow dance
I can't teach you how to slow dance
I can't teach you how to slow dance
I can't teach you how to slow dance
I can't teach you how to slow dance
I can't teach you how to slow dance
I can't teach you how to slow dance

Left to right your body wobbling
Do what you want like no ones watching
Left to right your body wobbling
Do what you want like no ones watching
