She said I hit, baby girl she lying  
She say she pregnant, I don't believe in science  
Don't trust religion neither  
Your mom say I'm no keeper  
You startin to think it's true, but I'm goin deep n deeper  
You don't know what to do, you stop fuckin with crew  
Your best friend like "Baby what he do to you?"  
Bite marks in her inner thighs, blood suckin vampire  
Yeah I got her hypnotized, she ain't comin back tonight

You have a right to all your choices  
But my eyes just leave you voiceless  
That ass the manner you poise it  
That moist shit that drip like poison  
Look at my eyes you can not fight this  
Your iris slips into your eyelids  
My hands all over your privates  
Look at my eyes you are my isis

Yup, I got my hands all over you  
Can't keep them to myself, always down to share the wealth  
Keep top shelf, solid snake, mad stealth  
Not a damn thing changed, still bad for your health  
Little diddy, doja in my dickeys  
You still ain't comin over unless you ho'in and you thicky  
Got bad bitches with me, what you think I need you for?  
Got these hunnids and these fifties bitch you not my last resor
