

Always

Fatherson

I have been sinking and thinking about how
All of these moments are stuck in my head now
Always listen to the silence
Always listen to the silence
I think it's important I stand on my two feet
Listening to closely to things that you told me
I won't give up easy
That's not what you taught me
Always listen to the silence
Always listen to the silence
Can you hear? Can you hear?
Always listen to the silence
It's a game of two halves
Mine and yours with yours and mine
Don't give up the ghost
It's a game of two halves
Mine and yours with yours and mine
Don't give up the ghost
Always listen to the silence
Always listen to the silence
Can you hear? Can you hear?
Always listen to the silence
Listen to the silence
Can you hear? Can you hear?
Listen to the silence
Can you hear? Can you hear?
Listen to the silence
Can you hear? Can you hear?
Listen to the silence
Can you hear? Can you hear?
Listen to the silence
Can you hear? Can you hear?
Always
