

First Born

Fatherson

And if we stop talking
Would you still come over?
And we'd sit in silence
Just mulling it over

'Cause I am the first born
That you disregarded
And how do you sleep, son?
Is home where the heart is?

'Cause we know we all try our best to
Get along with the cool kids
Take my heart, it's on fire
For you
'Cause we know we all try our best to
Get along with the cool kids
Take my heart, it's on fire
For you

So take me down and we will run forever
'Cause you aren't alone in this
You're never alone in this

'Cause I am the first born
That you disregarded
And how do you sleep, son?
You think she deserves this?

We know we all try our best to
Get along with the cool kids
Take my heart, it's on fire
For you

'Cause we know we all try our best to
Get along with the cool kids
Take my heart, it's on fire
For you

And I know you call me a liar,
I said I was a cool kid,
Take my heart,
It's on the floor for you

'Cause we know we all try our best to
Get along with the cool kids
Take my heart, it's on fire
For you
'Cause we know we all try our best to
Get along with the cool kids
Take my heart, it's on fire
For you
