

# Honey Hush

Fats Waller

Oh how I love you honey hush Your lovely cheeks make roses blush  
Your lips are divine They taste just like wine They seem to whisper of love.

Oh how I love you honey hush My heart is giving me the rush I'm  
dreaming my dreams I'm scheming my schemes Please tell me yes  
my turtle dove.

Your eyes shine like stars up above Making me know That I'm in  
love Oh my sweet don't do this to me Tell me you'll be always with me.

Oh how I love you honey hush My heart is singing like a thrush  
I'm saving my dimes I hear wedding chimes My sweet, my lovely honey hush.
