

# Burn

fats'e

Decay  
Toss me in the trash but it's okay  
Don't wait  
I'll be one to sing straight

Maybe I've tried too hard to fit  
Maybe I fucked myself again  
But maybe I'm wrong, I'm just a little off  
I'm a little bit messed up in my head  
If I can't change the way I think of things  
I'll never live this down  
Maybe I had too much to drink again  
I'm poisoning the well

Two-faced, everybody always lying  
Who cares, get the drama out of my way  
Your voices try, you're telling at me crying  
But the truth is you're the only ones that I have  
I started wishing I was different  
I wouldn't turn off everyone I met  
I'd take your image but all filters  
Turn myself to someone they'd accept  
Not just the ones who'd play somewhere  
It wasn't in the cards for me I guess  
I wanna burn out everything and  
Build it back from all the ashes

I wanna burn on everything  
And build it back from all the embers  
I just wanna sabotage  
Everybody that fucks me over  
I just try and stay on top of things  
I'm choking under pressure  
Today I wish I was somebody else  
But I don't care, whatever

Decay  
Toss me in the trash but it's okay  
Don't wait  
I'll be one to sing straight  
Decay  
Toss me in the trash but it's okay  
Don't wait  
I'll be one to sing straight

Maybe I've tried too hard to fit  
Maybe I fucked myself again  
But maybe I'm wrong, I'm just a little off  
I'm a little bit messed up in my head  
If I can't change the way I think of things  
I'll never live this down  
Maybe I had too much to drink again  
I'm poisoning the well
