

drive this blade straight thru my heart

fats'e

Ohh (ohh)
Flowers on my bed
I don't wanna die again

Oh, when I die, when I die
Kiss my lips and shut my eyes
Hide my body in your walls
Where only you can find
When I die, when I die
Kiss my lips and shut my eyes
Hide my body in your walls
Where only you can find

(Flowers on my)
Flowers on my bed
I don't wanna die again
Bum rushed, steel to my head
Such a coward in the end
Flowers on my bed
I don't wanna die again
Bum rushed, steel to my head
Such a coward in the end

Oh, when I die, when I die
Kiss my lips and shut my eyes
Hide my body in your walls
Where only you can find
When I die, when I die
Kiss my lips and shut my eyes
Hide my body in your walls
Where only you can find
