On my way back from LA, by myself
Feeling so alone, but unafraid
I've run my card until it can't breathe, not at all
Hope I'll make it back in one piece

I'm sayin' that I can't do this anymore (I'm sayin' that I can't)
I'm sayin' that I can't do this anymore (I'm sayin' that I can't do this)

Spending too much time in silence, by myself
I lost my charm and I can't find it, where did it go
This month I'll be back home in Texas
All by myself

I'm sayin' that I can't do this anymore, (I'm sayin' that I can't)
I'm sayin' that I can't do this anymore (I'm sayin' I'm sayin')
I can't do this anymore
I'm sayin' that I can't do this anymore (I'm sayin' that I can't)
I can't do this anymore
I'm sayin' that I can't do this anymore (I'm sayin' I'm sayin')
