

## not today

fats'e

Not today  
I won't throw it all away  
Just get out my face  
I won't throw it all away

It's hard to laugh it off again  
And I don't wanna play pretend  
Why'd you take my headband?  
Actin' like a jerk and  
I don't really care, just go away  
Lately I've been petty  
I get cold too easy  
Lately every day has been the same

Not today  
I won't throw it all away  
Just get out my face  
I won't throw it all away

Not today  
I won't throw it all away  
Just get out my face  
I won't throw it all away

It's hard being a piece of shit  
I'm sure you too struggle with it  
Why I wake up so mad  
Need to take a walk and  
I don't really care, I'll be okay  
Lately I've been petty  
I get cold too easy  
Lately every day has been the same

Not today  
I won't throw it all away  
Just get out my face  
I won't throw it all away

Not today  
I won't throw it all away  
Just get out my face  
I won't throw it all away
