

## reminisce

Youngburial

I just lost myself inside a moment  
For a moment let's be honest

I just found an ancient Polaroid  
Of us inside my broken wallet

I have found forgiveness  
And the past no longer haunts me every moment

I just hope that you have found your peace  
Because I know that you deserve it

I reminisce  
Hope that-  
Hope that  
I can find it  
I reminisce  
You were so-  
You were so-  
You were so perfect

I reminisce  
Hope that-  
Hope that  
I can find it  
I reminisce  
You were so-  
You were so-  
You were so perfect

Youngburial

I just found myself in mixing medicines  
I'm sleep deprived and nauseous

I just found a glimmer of my sanity  
Inside a broken promise

I have found forgiveness  
And the things you did in retrospect are harmless

I just hope that you have found your peace  
Because I know that you deserve it

I reminisce  
Hope that-  
Hope that  
I can find it  
I reminisce  
You were so-  
You were so-  
You were so perfect

I reminisce  
Hope that-

Hope that  
I can find it  
I reminisce  
You were so-  
You were so-  
You were so perfect
