

(Lifegodd)

I just lit a fire underneath my feet and I'm not slowing down  
I was stuck upon the ceiling but I found my way back to the ground  
You don't know a thing about me  
Why you acting like you know me now?  
You don't know a thing about me  
Why you acting like you know me now?

(Youngburial thank you for the goddamn party)

I'll be walking underwater  
Everybody gonna wonder how  
I might have poison my mouth but in a second Imma spit it out  
You don't know a thing about me  
Why you acting like you know me now?  
You don't know a thing about me  
Why you acting like you know me now?

Living everyday like my last  
Everything could slip through the cracks  
Wear a smile, it's just an act  
You pretend you know who I am  
You hear things said behind my back  
I'll defend but I won't attack  
Words they wash away like the sand  
Tide will take us all in the end

I just lit a fire underneath my feet and I'm not slowing down  
I was stuck upon the ceiling but I found my way back to the ground  
You don't know a thing about me  
Why you acting like you know me now?  
You don't know a thing about me  
Why you acting like you know me now?

I'll be walking underwater  
Everybody gonna wonder how  
I might have poison my mouth but in a second Imma spit it out  
You don't know a thing about me  
Why you acting like you know me now?  
You don't know a thing about me  
Why you acting like you know me now?
