

Heartache

Faul & Wad

('Cause time after time, yeah)

Time after time
Thinking 'bout all the nights when
We get high, we get drunk, yeah
Sitting down by the ocean point

No, I don't know who we should be
There's something you're not telling me
'Cause time after time, yeah

You're giving me heartache
But I know that I won't break
I'm not just somebody
Only so much I can take
You know I do this
Like nobody, like nobody does
Stop giving me heartache
You're giving me heartache
Giving me, giving me

(Giving me, giving me)
But I know that I won't break
Giving me heartache
(Giving me, giving me)

You're giving me heartache
(Giving me, giving me)
You're giving me heartache
But I know that I won't break
Giving me heartache
(Giving me, giving me)
You're giving me heartache
('Cause time after time, yeah)

Why after awhile
I gotta keep asking 'bout
These lies, 'bout these lies
We used to be so intertwined

I don't know who we should be
But there's something you're not telling me
'Cause time after time, yeah

You're giving me heartache
But I know that I won't break
I'm not just somebody
Only so much I can take
You know I do this
Like nobody, like nobody does
Stop giving me heartache
You're giving me heartache

You're giving me heartache
(Giving me, giving me)
You're giving me heartache
But I know that I won't break

Giving me heartache
(Giving me, giving me)
You're giving me heartache
'Cause time after time, yeah

Baby, why don't you wanna be loved?
Gimme your time and I'll show how it's done
We can take it back, back to when we were young
Gimme your time and I'll show how it's done

Giving me, giving me
You're giving me, giving me

You're giving me heartache
But I know that I won't break
I'm not just somebody
Only so much I can take
You know I do this
Like nobody, like nobody does
Stop giving me heartache
You're giving me heartache
Giving me, giving me (Heartache)
