Faul & Wad

Excuse me but you're standing in my waterfall  
I've been crying all night but I don't wanna go home  
Excuse me but you're standing in my waterfall  
Been crying all night cause I can't let you go

I've got a pocket full of sunshine  
But I think I left those pants at home  
And I can tell you had a good night  
You're not about to leave alone

I should have dressed up as a clown  
Bet that's how I look right now  
Tryna dance the pain away

And I don't think I can play along  
When the DJ plays our song  
With all this rain on my parade

Excuse me but you're standing in my waterfall  
I've been crying all night but I don't wanna go home  
Excuse me but you're standing in my waterfall  
Been crying all night cause I can't let you go

Let it rain let it pour I'm an ocean on the floor  
Let it rain let it pour you stole my love and locked the door

Ouh I-I-I love you, I love you  
Ouh I-I-I love you, I love you

Excuse me but you're standing in my waterfall  
I've been crying all night but I don't wanna go home  
Excuse me but you're standing in my waterfall  
Been crying all night cause I can't let you go  
Been crying all night cause I can't let you go

Ouh I-I-I love you, I love you  
Been crying all night cause I can't let you go  
Ouh I-I-I love you, I love you

Been crying all night cause I can't let you go
