

## Eyes Of A Bird

Faun Fables

Hey you, wanna walk besides me?  
Didn't I meet you on one of these interstates?  
You're like me. You know the occult  
It's what I learned from my mom, and other adults.

Let's make a star here on the pavement.  
It's warm by sun, almost like  
having fun  
Running together

Hey you, wanna be my love?  
Well it's something to do, suckling the street we toured  
You're like me; brazen and wild  
The eyes of a bird are a smiling child

Let's hold our hands; higher in numbers I understand  
And two is not one; two is two it's almost like  
having fun  
Running together

You say you wanna know me  
Well, it's dark in the past and  
my future's a mystery  
I feel like I am beginning  
but I'm too old for more, pushed out my backdoor

Running together

Somehow uncertain
