

Muse

Faun Fables

(One, two, three)

Aah

Aah, ooh

Aah, ooh

I keep you awake, while everyone sleeps
Sit on your pillow, cause you to dream
The giver of madness, sweetened with genius
I spell cast on humans, it's amazing

I know I'm fickle, there's many to tickle
A potion, for every creation
If you'll be my friend, grace till the end
But promise to serve my call

Ah, ooh

A belssing or cuse, hunger at worse
No rest, when a muse comes to nest
Expression or torture, it's all that you choose
Do you express the muse?

Ah, ooh

The muse is
In my heart
Oh, the muse is
In my heart
Come out, come out
Wherever you are
Come out, come out
Wherever you are
Come out, come out
Wherever you are

Ah, ooh

Ah, ooh
