

There's no gimmicking around here, okay
So I am the one
Activate sound process
Say you know

I can see you like it
Your control on my body like a psychic
Asake baby, never seen you coming
That motorcycle better keep it running
For me, eh, eh

I'm two steps ahead of you
You know that I wanna keep you close
So I let you take control
'Cause it makes you happy
You no go gree but still you know
Say I fit take care of you
But I want a puppet show
Just keep me happy

Your loving over eh
Your loving over me
I want it all ah eh
I want it over again
Your loving over eh
Your loving over me
I want it all ah eh
Come take control of me
Let's go, let's go
Speak in tongues like boy Alinko
Let's go, let's go
Speaking on my dualingo
Let's go, let's go
Ah, I can see you like
I know what you like

I can see you like it (You like it)
Your control on my body like a psychic (A psychi)
Asake baby, never seen you coming (You coming)
That motorcycle better keep it running (It running)
For me (For me baby)
