Fave

Hey  
Can I get your attention  
C'mon...  
Hey  
Hey!

All the times that I was calling  
You were ignoring me  
Now that I am balling  
You seem to want to see  
Me more very often  
I'm very worried  
My head is hotting

Oh oh oh  
What do I know  
What do I know  
I'm a sinner man worthy  
Of the worst as it goes  
Worst as it goes  
Oh oh oh  
What do I know  
What do I know  
I'm a sinner man worthy  
Of the worst as it goes  
Worst as it goes

Kilotufe kilotufe now  
I'm what you get  
I'm what you get now  
You're my enemy  
You're my enemy  
Oh oh  
Kilotufe kilotufe now  
I'm what you get  
I'm what you get now  
You're my enemy  
You're my enemy

I still go sing my song  
Whether you like or not  
I still go do my own  
This shit is part of the run  
I still go destroy them  
When they come for my gun  
I make the party run all night long

Oh oh oh  
What do I know  
What do I know  
I'm a sinner man worthy  
Of the worst as it goes  
Worst as it goes  
Oh oh oh  
What do I know  
What do I know  
I'm a sinner man worthy

Of the worst as it goes  
Worst as it goes

I see you today  
I no see you tomorrow  
I thought and said  
"You got nothing to borrow"  
You were pretending  
Pill was so hard to swallow  
You wanted nothing but to shoot me with arrow

You see I made up my bed  
I will lie on it o  
Several things change  
But you cannot take  
A piece of my cake o  
Can't run my race  
No o o o

Kilotufe  
Kilotufe now  
I'm what you get  
I'm what you get now  
You're my enemy  
You're my enemy

Several things change  
But you cannot take  
A piece of my cake  
Can't run my race
