

Mr Man

Fave

Things you cannot say with your mouth
Will you say with your hands
I'll respond
DJ could you play me Mr Man
Record our little dance
On the floor

If walking down the aisle might make you shiver
I could be patient with you
Till you can learn to give love
Honey
I could be patient with you
Wanna write a letter
No commas
So you know that I'm a wounded soldier
This love is what I have
This heart is what I give
And then everything else too

Talk to me
Talk to me
I wouldn't ever fall asleep
Without you near
Talk to me
Talk to me
I wouldn't ever fall asleep
Without you near

Things you cannot say with your mouth
Will you say with your hands
I'll re I'll re I'll respond
Dj could you play me Mr Man
Record our little dance
On the floor

If I turn around
Would you follow
Would you finally say yes
When them others tell you no, they disappoint
I go treat you as my guest
Baby o
Where you dey go
Where you dey go
Put yourself deep inside my shoes
Then you'll know that I'll never ever
Want to leave you alone

Things you cannot say with your mouth
Will you say with your hands
I'll respond
Dj could you play me Mr Man
Record our little dance
On the floor

Talk to me
Talk to me
I wouldn't ever fall asleep

Without you near
Talk to me
Talk to me
I wouldn't ever fall asleep
Without you near
