Fave

Mam baby
Mam baby
I am calling to see you
Sunday-day
Sunday-day
'Til Monday
One week, I stay, stay, stay at your place locked in
The door says, "Don't disturb"
Lovers indoors
Can't you see I'm fine?
I'm goated
I'm all that you need
Tell me your desires
It is something that I can fulfill
Take you to the east and the moon, and the world
Like ABC
I'm trying to say
Don't wanna play
No fucking games

No games
No games
Don't wanna play
No fucking games
Don't wanna play no games
With you, my love

What you're saying really kinda bothers me
Now, my words are gonna start to stutter me
I can show you what I'm feeling properly
Tell me: am I saying this orderly?
Far away dreaming 'bout the seven seas
I know where we'll be when we're 70

This kin love
Na wetin I need
This my God
You dey see as e be
This time o
I don't know wetin I see
Now I need
Now I need
Your loving to be complete
