

The Killer Show

Favez

Commercial breaks, in colour, sanitised
The revolution will be televised

Straight from, live, and airing 3, 2, 1
How long baby since you've had you some fun

We have a killer show
We have a killer show

Dreamed up for you spat out to everyone
And if you keep it up
You'll never age a day
You're sixteen for life
Sixteen for everyone

Tv dinners and a trip for two
A bigger place so we can come through
And you don't care
Cause we leave angels on our way back down

We have a killer show
We have a killer show

Dreamed up for you spat out to everyone
And if you keep it up
You'll never age a day
You're sixteen for life
Sixteen for everyone
