

Away

Faydee

Oh mama, where you go
Oh mama, where you go
Oh mama, where you go

Oh baby, you're overthinkin'
You could change your life tonight
Oh honey, you got me thinkin'
You need someone to love you right

Take me away
Take me away
Show me there's a better world out there
Take me away
Take me away
Show me there's a better world out there

Oh mama, where you go
Oh mama, where you go
Oh mama, where you go
Show me there's a better world
Oh mama, where you go
Oh mama, where you go
Oh mama, where you go
Show me there's a better world out there

Ooh baby, don't be afraid yeah
I know you wanna run and hide
Oh mama, where you go
Oh honey, I know you're hurtin'
I promise it'll be alright

Take me away (Away)
Take me away (Away)
Show me there's a better world out there
Take me away (Away)
Take me away (Away)
Show me there's a better world out there

Oh mama, where you go
Oh mama, where you go
Oh mama, where you go
Show me there's a better world
Oh mama, where you go
Oh mama, where you go
Oh mama, where you go
Show me there's a better world out there

Yeah yeah, it's a good life out there
If you feel me say yeah yeah yeah
If you feel me say yeah yeah yeah
Yeah yeah, yeah, it's a good life out there
If you feel me say yeah yeah yeah
If you feel me say yeah yeah yeah

Take me away
Take me away
Show me there's a better world out there

Take me away
Take me away
Show me there's a better world out there

Oh mama, where you go
Oh mama, where you go
Oh mama, where you go
Show me there's a better world
Oh mama, where you go
Oh mama, where you go
Oh mama, where you go
Show me there's a better world out there
