Faydee

Mmm

Look at her go, go, go  
That's my Habibi and she know, know know  
I got her feeling some kinda way  
She love to do it my way

Look at her go, go, go  
That's my Habibi and she know, know know  
I got her feeling some kinda way  
She love to do it my way

Ma fini eaysh balaaki  
Kula yawm qalbi bishtaq ealayki  
I got her feeling some kinda way  
She love to do it my way

Oh baby, oh my, oh my  
I be losing my, my, my mind  
Every time that she comes by  
I say what I want and she comply  
Cuz she love the way I ride, ride, ride  
Ooh habibi  
I love the way she calls me habibi  
She loves the way I call her hayati  
It's the way that she be sitting ealaa bali

Look at her go, go, go  
That's my Habibi and she know, know know  
I got her feeling some kinda way  
She love to do it my way

Ma fini eaysh balaaki  
Kula yawm qalbi bishtaq ealayki  
I got her feeling some kinda way  
She love to do it my way

She said I like it, like it  
Like the way you handle me  
Wrap your arms around me  
You can tangle me  
You love the way I keep up  
With your energy  
Now come over  
So I can give you all of me  
Ooh habibi  
I love the way she calls me habibi  
She loves the way I call her hayati  
It's the way that she be sitting ealaa bali

Look at her go, go, go  
That's my Habibi and she know, know know  
I got her feeling some kinda way  
She love to do it my way

Look at her go, go, go  
That's my Habibi and she know, know know  
I got her feeling some kinda way

She love to do it my way

Ma fini eaysh balaaki  
Kula yawm qalbi bishtaq ealayki  
I got her feeling some kinda way  
She love to do it my way

Look at her go, go, go  
That's my Habibi and she know, know know  
I got her feeling some kinda way  
She love to do it my way
