

Friendzone

Faydee

Hey do you love me, or love me not?
Hey do you love me, or love me not?
If you don't love me, who do you love?
Hey do you love me, or love me not?

Where are, where are we now?
I don't know
Where are, where are we now?
Let me know

Don't know if you know we can't
But I wanna break your bed
Break your sweat, take your breath

So please don't put me in your friendzone
I'm not looking to be friends
I need to love you, love you, love you all night
Love you, love you, love you
Need to love you, love you, love you all night

So please don't put me in your friendzone
I'm not looking to be friends
I need to love you, love you, love you all night
Love you, love you, love you
Need to love you, love you, love you all night
Love you, love you, love

Yeah baby tell me what's the deal
I'm falling for you girl for real
It's just the way you make me feel
Be a big girl you're my pretty gemstone
My girl, come we make contact
From the first time we met you in my heart
Girl you are the perfect work of art
One of your touch don't linner your end zone
Come here my girl, let me love you long time, let me love love your body
All I need is a little of your time, let me show you how I'll be
Baby I see that looking at your eye
Girl tell me what you want from me
Cause I don't need no friendship girl got me one

So please don't put me in your friendzone
I'm not looking to be friends
I need to love you, love you, love you all night
Love you, love you, love you
Need to love you, love you, love you all night

So please don't put me in your friendzone
I'm not looking to be friends
I need to love you, love you, love you all night
Love you, love you, love you
Need to love you, love you, love you all night
Love you, love you, love
