

Gravity

Faydee

Alright (Yeah)
It's your boy Fadee (oh)
And Hande, and Rebel Groove
Listen up

I know your heart is empty
I wanna fill it up with me girl
All I ever think about is you
I wanna be your night and day
Every single time I pray
Waitin' for a miracle to come true, oh
(You know)

I won't give it up, give it up, give it up till you're mine
Oh baby hurry up, hurry up, hurry up we're losin' time
Won't you give me the, give me the, give me the key to your heart
Can't you see, won't you see you're the missing part of my life

You're like gravity, gravity, gravity oh (Gravity)
Pullin' me, pullin' me, pullin' me to you-oooh (Pullin' me)
Like a spinnin' satellite, all I hear you say is
Follow me, follow me, follow me, come on (Follow me)
You know I know how to turn you on (Turn you on)
Till the early mornin' lights, yeah baby

You're like gravity, gravity, gravity oh (Gravity)
Pullin' me, pullin' me, pullin' me to you-oooh (Pullin' me)
Like a spinnin' satellite (Like a spinnin' satellite baby)
Follow me, follow me, follow me, come on (Follow me)
